OPEN STREETS - SATURDAY, MAY 25th

OpenStreetsPGH is inspired by the open streets movement – a global phenomenon promoting healthy outdoor activity and community engagement using city streets.

OpenStreetPGH temporarily closes streets to car traffic and invites Pittsburghers to reimagine their streets as places for people. This free event series connects communities to each other and creates a safe place for people of all ages to walk, bike, roll, and dance through 10 neighborhoods in 2019.

Save the dates for our 2019 OpenStreetsPGH series on May 25th, June 30th, and July 28th! OpenStreetsPGH offers something for everyone, from fitness workshops, to kids activities, shopping, brunch, community arts, and special promotions presented by over 100 local businesses and organizations.

EXERCISE OF THE MONTH

Purpose: Lower Back Strengthening
Exercise: Superman

Photo courtesy of strength-coaching.net

- To begin, lie straight and face down on the floor or exercise mat. Your arms should be fully extended in front of you. This is the starting position.
- Simultaneously raise your arms, legs, and chest off of the floor and hold this contraction for 2 seconds. Tip: Squeeze your lower back to get the best results from this exercise. Remember to exhale during this movement. Note: When holding the contracted position, you should look like superman when he is flying.
- Slowly begin to lower your arms, legs and chest back down to the starting position while inhaling.
- Repeat for the recommended amount of repetitions prescribed in your program.
